

RIDE Meaningful May

RIDE indoor-cycling has offered to partner with Think Pink for their Meaningful May event. During Meaningful May **RIDE** will choose a different organization to support each week. During that week **\$1** for every person that attends a class will be donated to the designated charity.

ZTA's Think Pink week will be from May 8th—May 14th

How can you help? ZTA's do not personally have to attend **RIDE** to raise funds. The donation comes from any person that attends a class at **RIDE** for our designated Think Pink week. However, the more people that attend during our week the more dollars that are donated to Think Pink so please spread the word to friends and family. We will also send out a facebook event that you can share and encourage others to attend. You can also help by sponsoring a class or a day of classes to match the donation that **RIDE** is making.

If we can get the word out and fill every class for our week and match every class we have the potential to raise close to \$2500. This is a great way to raise additional funds for Think Pink during an off year for the Think Pink luncheon so thank you in advance for your help and contribution!

Please thank ZTA alum Taryn Woods Burt for her generosity and consideration in choosing Think Pink for one of the four RIDE donation weeks.

I would like to Sponsor a Single Class for max \$40

I would like to Sponsor a day of the week for max \$200
